

JOURNAL OF RESEARCH IN SCIENCE TEACHING

CONTENIDO

VOLUME 47, No. 2 FEBRUARY 2010

121 A Call for a New Geoscience Education Research Agenda:

Dale R. Baker.

Published online 25 November 2009.

130 Rethinking the Introduction of Particle Theory: A Substance-Based Framework:

Philip Johnson and George Papageorgiou.

Published online 14 April 2009.

151 Learning Error, Effectual Stimulation, and Conceptual Change:

Michael Allen.

Published online 1 December 2009.

**174 Learning From and Responding to Students' Questions:
The Authoritative and Dialogic Tension:**

Orlando G. Aguiar, Eduardo F. Mortimer, and Phil Scott.

Published online 5 August 2009.

194 Science Learning in a Leisure Setting:

John H. Falk and Martin Storksdieck.

Published online 5 August 2009.

213 On the Nature of Teaching Nature of Science:

Preservice Early Childhood Teachers' Instruction in Preschool and Elementary Settings:

Valarie L. Akerson, Cary A. Busselli, and Lisa A. Donnelly.

Published online 25 November 2009.
