

NEW SCIENTIST

CONTENIDO

VOLUME 212 No. 2837, NOVEMBER, 5 2011

CONTENTS

NEWS

- 6 Daily pill could prevent cancer.**
Cheap, existing drugs could thwart cancer in thousands of people.

ON THE COVER

- 34 Misfit minds.**
Maverick thinkers gave our ancestors the edge.

- 15 Life around Mars.**
Taking microbes to the Red Planet's doorstep.

- 38 Beetle battle.**
The strange alliance waging war on our forests.

- 42 Do the right thing.**
How to resist the lure of corruption.

Instant expert.

Your complete guide to superconductivity.

FEATURES

- 42 Do the right thing.**
How to resist the lure of corruption.

NEWS

- 4 UPFRONT**
Mock Marsonauts "return". Should we mine Grand Canyon? China launches space lab.

- 6 THIS WEEK**
Life-friendly stars. The nucleus's accurate clock. Green tea fights Alzheimer's plaques. Sabre-toothed squirrel. Dream-reading. Climate could split Antarctica.

- 8 FIELD NOTES**
The lab at the bottom of the ocean.

- 14 INSIGHT**
Fallout from Europe's carbon tax on airlines.

18 **IN BRIEF**
New immune role for platelets. Hagfish hunt. Pigment-controlled muscles.
Take snake oil to heart. Pitfalls of spider sex play.

TECHNOLOGY

21 Clever camera snares casino cheats. AI hunts fossils. Wearable electronics get more comfy. Safety challenges over plastic planes.

APERTURE

26 Angry gull attacks eagle.

OPINION

28 **Paternal nudges.**
Henry Farrell and Cosma Shalizi worry about behavioural manipulation.

29 **One minute with...Greg Chamitoff.**
What it was like to make the last shuttle spacewalk.

30 **What's sex all about?**
Try thinking of people as libertine bubbles, says Thierry Lodé.

32 **LETTERS**
Cosmic spin. E-nav is all at sea.

FEATURES

34 **Misfit minds.**
(see above left)

38 **Beetle battle.**
The strange alliance waging war on our forests.

42 **Do the right thing.**
(see left)

INSTANT EXPERT

Superconductivity.
Your collectable guide to a dazzling quantum phenomenon.

CULTURELAB

46 **Making a baby.**
A comprehensive review of our ability to reproduce.

47 **Trust nothing.**
On our self-deceiving ways. PLUS: The quantum mechanical world.

48 **GALLERY.**
Tattoo art meets science.

REGULARS

3 **Editorial.**
It's time rethink how we label those with psychiatric conditions.

32 **Enigma**

56 **Feedback**
Creationist caravans.

57 **The Last Word**
Blacksmith's dilemma.

50 **Jobs & Careers.**
