

DISCOVER

CONTENIDO

VOLUME 32 No. 2, MARCH 2011

COVER STORY

- 34 The Ecosystem Inside.**
Trillions of bacteria, viruses, and fungi live within our bodies. Collectively they form an ecosystem as rich as any rain forest-and keeping them all in balance may be the key to protecting our health
Michael Tennesen.
- 40 The Ocean Acid Test.**
In the icy waters of a remote Norwegian archipelago, researchers are measuring the potentially devastating effects of rising ocean acidity on marine life.
Jennifer Barone.
Photography by *Nick Cobbing.*
- 48 Physics of the Divine.**
Some physicists see an intelligent hand at work in the odd logic of the quantum world. But can experimental science really be used to prove the existence of God?
Zeeya Merali.
- 54 Weaving a New Web.**
Exploding demand and concerns about security and free speech are radically reshaping the way we live and work online. Four experts predict where the Internet could take us next.
- 62 Back From the Brink.**
Minimally conscious patients have long been written off as unreachable. Startling evidence now suggests that in many cases, this is a big mistake.
Kat McGowan.
- 6 Mail.**
- 7 Contributors.**
- 8 Editor's Note.**
- 10 Data.**
The case for letting some species go extinct, a manned asteroid mission, plant-based solar cells, rise of the superweeds, Amazon earthworks, anatomy of a geyser, and more.

- 22 **Five Questions for Jacob Hanna.**
A Palestinian researcher discusses the healing power of stem cells and the unifying power of academia.
Andrew Grant.
- 23 **Hot Science.**
Best new books, TV, and film, plus the real science behind the fantasy of *Star Wars*.
- 26 **Vital Signs.**
In a patient's soured breath, his wife smelled a larger problem.
H. Lee Kagan.
- 28 **The Brain.**
Teenagers can act crazy. Neuroscientists now think they know why.
Carl Zimmer.
- 30 **Star Fields.**
Lightning is still full of mystery. So these scientists head out into the field at peak of thunderstorm season.
Dava Sobel.
- 32 **Future Tech.**
3-D TV? Bah! The next step in video is a totally immersive-and screenless-viewing experience.
David H. Freedman.
- 80 **20 Things You Didn't Know About Spiders.**
Rebecca Coffey.
