

DISCOVER

CONTENIDO

VOLUME 32 No. 5, JUNE 2011

COVER STORY

28 Beyond the Event Horizon.

Black holes are even weirder than we thought, says cosmologist Andrew Hamilton. His stunning computer models reveal a place where time runs backward and entire universes are born.

Steve Nadis.

38 There's Something in the Water.

Experts in academia, private industry, and public advocacy weigh in on measures we can take-right now-to avert the worst consequences of a changing climate

46 2 Degrees of Separation.

Will the impact of global warming be manageable or calamitous? Climate modeling suggests that the answer turns on just a couple of degrees.

Gregory Mone.

52 The Hungry Brain.

Dieters: It's not all about willpower. Breaking research pins weight gain squarely on your brain, which evolved to encourage eating-no matter what you do.

Dan Hurley.

60 Egypt's Lost Fleet.

In the shadow of modern revolution, archaeologists uncover a forgotten chapter in Egypt's past: a time when a female pharaoh sent trading ships far and wide across the Red Sea.

Andrew Curry.

3 Contributors.

4 Mail.

6 Editor's Note.

Never mind the polar bears. The reason to care about climate change is selfishness.

Corey S. Powell.

8 Data.

Astronauts for hire, what the United States will do with its nuclear waste, a jumpy spider, sex by the numbers, fluorescent body parts, roll-out disaster shelters, how to relocate a forest, grand new views of Mercury, and more.

19 Five Questions for Sheila Nirenberg.

The young Cornell neuroscientists who cracked the neural code for vision is now using gene therapy to cure blindness.

Amy Barth.

20 The Brain.

Scientists now know where pain lives. Next: finding ways to eliminate it.

Carl Zimmer.

22 Vital Signs.

The Patient's recurrent meningitis was scary. Its cause was startlingly simple.

Tomy Dajer.

24 Impatient Futurist.

MP3s sacrifice sound quality for convenience. Here's how to bring back high fidelity.

David H. Freedman.

26 Hot Science Destination Science 2011.

Sci-fi classics get the full museum treatment. Plus: the best new books, film, and show.

80 20 Things You Didn't Know About Stress.

Rebecca Coffey.
