

THE SCIENTIST

CONTENIDO

VOLUMEN 26 No. 3, MARCH 2012

FEATURES

- 32 **Child-Proofing Drugs.**
When children need medications, getting the dosing and method of administration right is like trying to hit a moving target with an untried weapon.
Edyta Zielinska.
- 39 **Are the Kids Alright?**
Two key pieces of legislation, enacted to spur drugmakers into testing pharmaceutical products in children, are up for reauthorization in the US Congress this October. Have they done the job?
Bob Grant.
- 44 **Vitamin D on Trial.**
Prevention trials for vitamins and supplements are notoriously difficult, but some researchers aren't giving up on finding proof that vitamin D helps ward.
Amy Maxmen.

DEPARTMENTS

- 12 **From the Editorial**
Tricky Trials.
Studies on safety efficacy, or dosing of drugs in children, or on nutritional supplements, are not run-of-the-mill.
Mary Beth Aberlin.
- 17 **Notebook**
The Joint Collector; T-Bee; Test-Tube Babies; Snake Tales.
- 26 **Thought Experiment.**
Who Are We Really?
Manipulating the human micro-biome has ethical implications.
Kieran O'Doherty.
- 29 **Critic at Large.**
One Year On.
Some thoughts about the ecological fallout from Fukushima.
Nick Beresford and Jordi Vives I. Batlle.
- 31 **Modus Operandi.**
Delivering Silence.
Using RNA viruses to silence genes could optimize tissue targeting while

reducing toxicity.
Sabrina Richards.

- 52 **The Literature**
3-D culture method to study eye development; crosstalk between immune and gut cells alters metabolism; promoter proteins and RNA cytoplasmic longevity.
- 54 **Profile.**
Model Citizen.
With an eye to understanding animal regeneration, Alejandro Sánchez Alvarado has turned a freshwater planarian into a model system to watch.
Karen Hopkin.
- 57 **Scientist to Watch.**
David Sabatini.
Cristina Luiggi.
- 59 **Lab Tools**
Combing the Cancer Genome.
A guided tour through online resources for analyzing cancer genomics data.
Carina Storrs.
- 63 **Bio Business.**
Braving the IPO Drought.
Despite nervous investors and a volatile market, a courageous companies are taking their chances on Wall Street.
Megan Scudellari.
- 74 **Reading Frames.**
The Specter of Denialism.
Conspiracy theories surrounding the global HIV/AIDS epidemic have cost thousands of lives. But science is fighting back.
Nicoli Natrass.
- Capsule Reviews.**
Bob Grant.
- 76 **Foundations.**
The Subcellular World Revealed, circa 1945.
Cristina Luiggi.
- IN EVERY ISSUE**
- 11 **Contributors**
- 14 **Speaking of Science.**
- 68 **The Guide.**
- 72 **Recruitment.**
