

# AMERICAN PHOTO

## CONTENIDO

### VOLUME 25 No. 6, NOVEMBER/DECEMBER 2014

#### FEATURES

- 30 **Big Dreamer.**  
Todd Baxter builds worlds out of 70's sci-fi imagery. It isn't the easiest way to make photographs, but it's definitely — and rewarding.  
*Todd Baxter, as Told to Meg Ryan.*
- 38 **Gear of the Year.**  
The Editors' Choice awards go to the most important, most forward-looking tools and toys of 2014.  
*The Editors of American Photo.*
- 51 **Best Photo Books of the Year.**  
These are the volumes that inspire, amuse, provoke, and make us want to take better pictures.  
*Jack Crager and Lindsay Comstock.*
- 62 **Processing the News.**  
Every image we see has been touched by software. How does photojournalism draw the line between illuminating the truth and manipulating it?  
*Scott Alexander.*

#### On the Cover

DJI's Phantom 2 Vision+, photo-graphed by Ralph Smith, puts aerial images within reach —via this rig's nifty remote control and a smartphone app. The built-in camera has a 14MP 1/2.3-inch sensor and offers 1080p video. See page 38 for all our picks.

#### DEPARTMENTS
