VOLUME 24 No. 2, NOVEMBER 2010

REVIEWS

- 18 **Akai MPK Series USB/MIDI Keyboard Controllers.**
Weighted or unweighted actions on solid controllers with MPC pads and easy-to-use editing software.
Review by *Mike Metlay*.
- 26 **Telefunken Electroakustik Ar-51 Tube Microphone.**
The name Telefunken conjures magic; does this relatively affordable model deliver?
Reviewed by *Paul Vnuk Jr.*
- 30 **Novation SL MkII USB Controllers.**
Touch-sensitive knobs and faders and powerful Automap software speed up your work. Also reviewed: the affordable Nocturn controller.
Reviewed by *Mike Metlay*.
- 34 **ADAM Audio A3X Active Monitors.**
The latest and smallest active monitors sporting ADAM's well-known ribbon tweeters.
Reviewed by *Mike Metlay*.
- 38 **Waves Tony Maserati Artist Signature Collection.**
These specially designed plug-ins help you channel the well-known engineer's mojo.
Review by *Jorge Patrono*.
- 40 **Solid State Logic XLOGIC Superanalogue X-Rack and X-Desk.**
Now you can build yourself a cost-effective SSL desk, module by module according to your specific needs. Here's how it works.
Review by *Paul Vnuk Jr.*
- 44 **Roland GAIA SH-01 Synthesizer.**
Harking back to the days of vintage synths, this easy-to-program keyboard combines a full front panel and great "analog" sound with lots of modern touches.
Reviews by *Lorenz Rychner*.
- 58 **Korg microSTATION.**
This fascinating little workstation packs a world-class sound engine and multitrack MIDI sequencer into a light and portable package, thanks to an unusual and intriguing keyboard.

Review by *Mike Metlay*.

- 62 **Recording's Showcase of Sounds.**
Vienna Imperial grand piano virtual instrument; realsamples Edition Beurmann vintage keyboard sound libraries. (And when we say vintage, we mean it...)
Reviews by *Gary Eskow and Mike Metlay*.

INTERVIEWS

- 12 **A Studio Journey With Larry Carlton.**
The Famed jazz guitarist talks about his stage and studio experiences, and the tribulations of running his own record label in the modern era.
Interview by *Brain Tarquin*.

FEATURES

- 20 **The Keys To The Studio.**
Adding a keyboard controller or integrating your favorite keyboard with your studio DAW can be rewarding and fun, if you follow a few basic steps.
Mike Metlay.
- 16 **Mixing in Pro Tools: A 10-Step Program To Get The Job Done.**
Ten more steps on making mixes happening, this time aimed at the Pro Tools beginner!
Mark Hornsby.
- 36 **DAW Details.**
In Part 2 of our series on sharing song data between studios, we examine sharing services and discuss what you can do to make your data more collaboration-friendly.
Bob Emmet.
- 48 **Recording's Keyboard Column.**
MIDI is nearly 30 years old and it still rules the well-connected DAW studio.
Devon Brent.
- 56 **It's Your Music — Know Your Rights. Chapter 8: Digital Distribution.**
The Internet is a big scary mysterious world to most musicians, but there's money to be had from using it to sell your tunes...if you're careful to protect yourself beforehand.
Todd Gascon with Bruce Kaphan.
