CONTENIDO

VOLUME 25 No. 2, NOVEMBER 2011

REVIEWS

- 12 **PreSonus StudioLive 16.0.2.**
The StudioLive family of digital consoles with integrated software now has a model for the small studio or live rig, with a lot of power under the hood.
Reviews by *Mike Metlay*.
- 20 **TASCAM US-2000 USB 2.0 Audio Interface.**
If you need lots of quality analog input to your DAW with no fuss or window-dressing, this interface does the job.
Review by *Mike Metlay*.
- 26 **Roll Music RMS216 Folcrom.**
This 16-channel passive analog summing device takes.
Review by *Paul Vnuk Jr.*
- 28 **Sonnox Fraunhofer Pro-Codec.**
Wish you had control over the process of making MP3 or AAC files out of your music? This amazing plug-in shows you what goes on and leaves you in control.
Review by *Paul Vnuk Jr.*
- 38 **Plug-In Outlet.**
Softube TSAR-1 algorithmic reverb.
Review by *Paul Vnuk Jr.*
- 44 **iOS Music Tools: For Composers.**
Blip Interactive's NanoStudio puts a full MIDI studio, with instruments, on your iPhone or iPod touch, but Apple's GarageBand for the iPad defines "killer app" for iOS music.
Review by *Mike Metlay and Devon Brent*.
- 50 **For Your Bookshelf.**
New books on audio production and music publishing.
Review by *Lorenz Ryshner*.
- 58 **Reviewed And Revisited: iZotope RX 2.**
New modules and refinements take an already world-class audio repair program to new levels of capability.
Review by *John Rossi III*.

FEATURES

- 16 **Mixing And The Stereo Field.**
Getting your mixes to sound like they belong in a proper sonic space isn't just a matter of twirling pan knobs. Learn the secrets of a balanced, breathing final mix.
Michael Nickolas.
- 22 **The Mixing Workshop: Better Mixes Through Creative Editing — Part 1.**
Who knew that great mixes could start with how the raw tracks are edited? We dive into the art and science of editing for great final mixes, starting with drums.
Sean Shannon.
- 30 **How To Be Successful In Today's Music Business — Part 1.**
A successful engineer/producer skips the hype and buzzwords and gets down to what really makes for recording success...starting with the most important person on the creative team; You!
Mark Hornsby.
- 40 **Mid-Side Stereo Recording.**
One mic points forward but the other points sideways? What's up with that? Learn about this powerful miking technique that makes stereo width control as easy as grabbing a fader,,even after the tracking session is over
Michael Schulze.
- 56 **Organize Your Mix Session.**
Preparation makes the difference between a smooth, focused, effective mix session and a chaotic, messy, unsuccessful one. Fortunately, being prepared doesn't have to be difficult.
Pat Bautz.
